Requisition Form Completion Instructions

The nature of frozen specimens requires close coordination between the ordering clinician and our laboratory. Therefore, if you are a new customer, we request that you call our customer service line (866-788-9007, option 1) and email Clinical Services (clinicalservices@castlebiosciences.com) so we can coordinate the process prior to placement of an order.

- Section I:** Complete with information of the ordering clinician.
- Section II:** Complete with patient information
*A patient social security number OR medical record number **must** be provided.
- Section III:** Provide the patient's diagnosis and billing information including a copy of the front and back of the insurance card (if applicable). If the person completing this requisition is not in possession of the information necessary for completion of the billing information section, please provide the name/department and contact information of the appropriate party from whom this information can be obtained:
Name: _____ Department: _____
Phone: _____ Fax: _____
- Section IV:** Select the desired test by checking the appropriate box. One can order Gene Expression Profile alone or with add-on tests DecisionDx-PRAME and/or DecisionDx-UMSeq NGS.
- Section V:** Applicable only for patients with Traditional Medicare as primary insurance.
- Section VI:** This section is **required**. Check the appropriate box to indicate whether the current sample has been exposed to radiation.
- Section VII:** The ordering clinician must sign this section. **For purposes of ordering this test, the "ordering clinician" section can be signed only by a clinician, advanced practice registered nurse (APRN) or representative Physician Assistant (PA)**.
- Section VIII:** Complete with information for the treating clinician (if different from Section I). If the mailing address is the same as for the ordering clinician, check the box "same as requestor". Be sure to select the preferred method by which results should be communicated and provide an email address to receive electronic notification that the report is available.
If you would like to have Castle Biosciences provide results to a collaborating clinician, please provide that clinician's information in the area marked "ADD'L Clinician" and a copy of the report will be provided to that individual.
- Section IX:** This section is **required**. Complete with the type of specimen being submitted for testing, the name of the facility where the procedure is performed and the specimen collection date.
